Abstract

The deliverable D1.9 Project Presentation contains a Power Point presentation, which can be used by partners as a basis to present the project to its stakeholders or the wider public.

The presentation provides an overview of the project itself, its consortium and its outcomes focusing on the eSDI-Net+ SDI Assessment Methodology and the eSDI-Net+ Best Practices Award that took place in November 2009 in Turin, Italy.

The presentation presented in Annex A was created and held by Joachim Rix, Ian Masser and Swetlana Fast at the eSDI-Net+ Final Public Conference on June 24, 2010, at the INSPIRE Conference 2010 in Krakow, Poland. It is also available on the project website:
