November 26-27, 2009

eSDI-Net+

Network for promotion of cross border dialogue and exchange of best practices on Spatial Data Infrastructures (SDI's) throughout Europe

Establishment of a Thematic Network funded within the eContentplus programme of the European Commission
ECP-2006-GEO-320005

SDIs awarded

**will be given a wider visibility to the community
but also will give a wider visibility to the community**

- Visibility during the Conference in Turin
- Visibility through online announcement and presentation
- Attention through press information/newsletter to be distributed
- Presentation at other international events
- Local workshops are planned in the next 6-8 months
 - to transfer the experiences back into the sub-national level
 - to transfer lessons to learn from others results and experiences

Establishment of sustainable network

- Building the network, to continue those efforts
- Define its mission and its perspectives
- Identification of persons and organizations interested in collaboration
- Extension of the consortium → Build a community
- Organizational body for a sustainable network
 - Is there a need for a legal entity, at all
 - Join an existing organization, fitting best
 - Set up a new organization

Establishment of sustainable network

- Give us your feedback
- Recommend an solution with your justification
- Get involved in the project and receive further information:
 - register online (**www.esdinetplus.eu**)
 - or leave your contact information

→ Please, fill in the questionnaire and return it

**Get involved
and share your experiences**

Thank you all for coming!

But in specific ...
